

Way to go! You have scored more A's than B's and C's. You are on the right track to preventing your child from using e-cigarettes or tobacco products. A few rules about their free time can prevent opportunities for risky behavior. Here are more resources to support your child's prevention journey.

You scored more B's than A's and C's. It is great that you are planning to discuss the dangers of the usage of e-cigarettes(vaping) and tobacco products with your child. Research shows that talking with your child will make a difference in your child's decisions about vaping or using other tobacco products. Please check out the resources below to see how you can support your child.

You scored more C's than A's and B's. Discussing the harms of tobacco products (including e-cigarettes) can help you keep an open dialogue with your child. These simple questions and actions can affect their decisions, including whether to try e-cigarettes. Please check out the resources below to help you identify easy ways to check in with your child.
